

AgariGold™ with H1X1

Product Reference Sheet

A Revolutionary Life-Enhancing Superfood

Waiora's **AgariGold™ with H1X1** contains a groundbreaking formulation creating a powerhouse of nutrients critical for a healthy and active life. It's created by a patented innovative 10-stage extraction process that captures every nutrient—more than 100—from its two powerful ingredients, H1X1 and Sasa Bamboo leaf extract, setting the gold standard for total health, well-being and anti-aging therapy.*

Key Benefits

- Promotes overall health and well-being*
- Supports a healthy immune system*
- Increases Natural Killer (NK) cell activity*
- Nourishes the digestion system*
- Supports normal blood sugar levels*
- Protects against free radical damage*
- Promotes energy*

One-of-a-Kind Formula

AgariGold is an exclusive formula containing H1X1, a patent-pending mushroom produced from the authentic Brazilian *Agaricus Blazei* with a specially selected *Agaricus Blazei* from California. The DNA of H1X1 is so valuable that it is kept in 3 vaults around the world to protect its genetic make-up. H1X1 has the highest levels of beta glucans of any *Agaricus Blazei* mushroom and possibly of all medicinal mushrooms. So rare and potent, H1X1 is the only mushroom to be studied and used by the National Institutes of Health-sponsored researchers.

Another rare and potent ingredient in AgariGold is **Sasa Bamboo leaf extract**, quite possibly nature's most powerful antioxidant. This native Japanese plant is so strong that it has been used for medicine in Japan for many centuries and was also used to preserve food, most notably sushi, for days without refrigeration.

With its efficacious, one-of-a-kind formula, AgariGold truly sets the gold standard for total health, well-being and anti-aging therapy.

Why AgariGold™ with H1X1?

- Super high-potency and patent-pending strain
- Patented DNA fingerprinting technology used on every crop to assure potency and purity
- Grown organically in a completely controlled environment
- Patented extraction process to assure maximum potency
- Extremely easy and convenient to use

Testimonial

"Recently, I developed some respiratory issues that made breathing very difficult to me. I only had that once before in my life and the treatment was 2 weeks of antibiotics and in 3-4 weeks it was gone. I was fortunate to be given some AgariGold and took 20 drops a day for 3 days. By the second day, my respiratory issues were better and by the third day they were virtually gone. Thanks Waiora!—*Jeff M., NC†*
